

DANURELY-WS

YOUTH INVOLVEMENT WEBINAR

 **Join Us for an Engaging Webinar on Water Quality!** 

Are you interested in how youth can contribute to improving water quality? This webinar, organized by WRI within the DANURELY-WS project, will bring together experts to discuss pressing issues like hazardous substances in surface water, microplastic pollution, and the impact of urbanization and agriculture on water quality.

 **Date: 2 April 2025 (Wednesday)**

 **Time: 10:00 – 11:00 AM CET**

 **Online (Zoom)**

YOUTH
INVOLVEMENT
WEBINAR

◆ **Agenda Highlights:**

- ✓ Insights into the DANURELY-WS project goals
- ✓ Understanding surface water pollution through modeling
- ✓ Microplastics and their impact on rivers
- ✓ Groundwater pollution in urbanized areas
- ✓ Tackling nitrate pollution for a sustainable future

 **Interactive Q&A session**

Don't miss this opportunity to learn and engage! We look forward to your participation!
